**A Middlefield/Rockfall "Town Meeting"
Concerning Wadsworth Falls State Park**

7:00 PM, Wednesday, September 11th

Middlefield Community Center Auditorium, 405 Main Street

Recently, Middlefield residents contacted us to voice their concerns about the conditions at Wadsworth Falls State Park. Concerns varied from littering, drinking and swimming to illegal parking and speeding.

In an effort to address these concerns, we asked the Department of Energy and Environmental Protection (DEEP) to evaluate the permitted uses of the park. As a result, they've made changes to park policy that will not only help to improve the conditions of the park, but also the quality of life for its neighbors.

Please join us and a representative of DEEP to hear about the new policy and to provide them with feedback now that it has been in effect for several weeks.
