Standing Up for Our Veterans With a Tax Cut and a New Program for Women Veterans

Our veterans fought to defend our freedoms, now it is time that we fight to ensure they have the benefits they deserve.

That is why I:

- introduced a bill that will fully exempt military retirement pay from the state income tax.
- voted for Senate Bill 904, "An Act Establishing the Connecticut Women Veterans' Program".

This legislation will provide financial relief to those who have served our country along with establishing a new support system to meet Connecticut women veterans' needs.

It's time to recognize the needs of our female veteran community.
